A liberal discount on allowed to parties willing to act as agents for us. Write for terms.

S. T. SCOTT, Editor and Proprietor.

THURSDAY, AUGUST 6, 1896.

THE recent pretended independence of the Moosomin Spectator will hardly deceive anyone, or lull the people of its constituency into a fancied security. Its promises of independence would not, in all probability, been vouchsafed now had it not been for the fact that another paper will soon be established there. Nor will its present promises of independence prevent it from taking in the shiekels of the Liberals until another campaign is on and then stab them to the heart as it did during the late campaign. It strongly reminds us of the old couplet:

"When the Devil was sick,  
"The Devil a monk would be;  
But when the Devil got well,  
"The Devil a monk was he."

We think the Spec. pays the enterprising capital city of Eastern Assiniboia a very poor compliment when it suggests that there is only room for one newspaper there.

MR. LAURIER has given another assurance that there will be no hurried attempt to overhaul the tariff. In a speech at St John's Quebec, recently, he said there would be no legislation during the coming short session regarding the tariff. They would vote the budget and nothing more. Changes in the tariff would be deferred until next session. "Meantime the government would communicate with the managers of industries, manufacturers, etc., and he trusted to be able to elaborate a fiscal policy which would lighten the burden of taxes upon the country. The interests of the agricultural community would be specially considered. Increased facilities would be given for the sale of products in European markets, and special attention would be paid to the development of the West."—Commercial.

THE luxuriant growth of grass this year will probably lead to prairie fires of more than usual fierceness in the fall. In a few weeks the fire fiend will be abroad. Extra care should be taken to safeguard stacks and buildings. The hayricks will be dotting the prairie from this out. Thousands of tons are annually burned in Manitoba and the west through insufficient fireguarding. To be forewarned is to be forearmed, and a word to the wise is sufficient. But is not that Canniff fire guard machine worth looking into by somebody?—Moosomin Spectator.

WAGHORN'S GUIDE TO TRAVEL 50c yly

### A GREAT DAY AT THE FORT.

The Fourth Annual Meeting of the Fort Qu'Appelle Turf Club a Decided Success.

The fourth annual meeting of the Fort Qu'Appelle Turf club took place on Monday last and was one of the best meetings yet held. The day was fine and a large crowd of people present, bent on enjoying themselves and putting in a good time generally. A large number of our townspeople attended and all speak highly of the races which were well contested. About the only thing to mar the pleasures of an otherwise most enjoyable time, was an accident to the rider of Twilight who when starting in one of the races bolted, colliding with Cyclops. Twilight and his rider were thrown to the ground when the latter sustained a fracture of a collar bone, otherwise he was not seriously injured. Had the horse rolled on him the accident would no doubt have proved fatal.

The sports opened in the forenoon with a polo match between teams captained by Messrs. Fetherstonhaugh and Rose respectively. Mr. Rose's team capturing the game after a severe struggle. In the afternoon the principal events of the day—the races—took place. The track was in excellent condition, and the turf club deserve praise for the way in which their programme was carried out. Following we give the result of the races as given to us:

In the half-mile running race, 14 hands and under, best 2 in 3, the horses won in the following order: P.P. 1, Hazel 2, Tommy 3.

The free-for-all trot or pace, one mile, 2 in 3, resulted in Gipsy Girl capturing the first two heats, with Bay Fred a good second, and Roderick—a close third.

The 14½ hands and under, half-mile, 2 in 3, brought the following ponies to the wire, and was one of the best contested races of the day: Grey Lily 1, Bay Kate 2, Polo 3, Jim and Grey Bute being practically on the race.

In the farmers' trot or pace, mile heats, 2 in 3, Forester's mare Gipsy Girl, was an easy winner, Stevens' Freeman second, and Flavel's roan pony a good third.

The open mile dash was the next event, when Grey Lily, owned by Mr. Copeland, Grenfell, succeeded in capturing the first two heats, with Cyclops a close second. The general opinion, however, is that Cyclops could have won first money had he been properly ridden. Grey Lily won by about a length, Twilight, Jim, Dick and Bay Frank were, so to speak, not in it.

The 2-year-old stake race, half mile dash, brought out Tribby, owned by R. Andros, Indian Head, Esma, owned by Lawson & Davis, ranchers, Qu'Appelle Valley, and another horse. This race was most exciting and was won by Tribby by half a neck.

The next event was the Indian pony race—always a most exciting one—and at the close the Indians and ponies resembled each other in color, so covered with dust were they all. The heats were three in number, the winner of each heat dropping out. We could not ascertain the names of the winners, but the race was run for all there was in it and the judges had a job to decide as the ponies in each heat passed under the wire in a bunch.

Amongst the other attractions of the day was a bicycle race, the result of which we did not hear, and a football match—Edgeley vs. Springbrook—in which the players kicked so vigorously that they destroyed the ball, consequently the game was not finished.

Throughout the day the splendid band of the Indian mission enlivened the proceedings with choice musical selections which were highly appreciated by all who had the pleasure of hearing them.

In the evening a grand concert was given at which some of our local talent assisted, the proceeds of which, we understand, were for the Fort Qu'Appelle Agricultural society, and judging by the large audience the coffers of the society will be considerably enriched. The concert is spoken of as a most enjoyable affair and the thanks of the

audience are here tendered the chairman, Rev. Mr. Johnson, and those taking part in the programme, which consisted of songs by Messrs. Dickson and Barwell, and by Mrs. Snow and Mr. Williams, flute solos by Mr. Anderson, and recitations by Mr. J. P. Jones, and a piano solo by Mrs. Snow. Mrs. W. Sutherland and Miss Brodie, accompanists. Others whose names we are unable to learn also took part in the programme.

Altogether the day was a memorable one in the annals of the Fort, and the next annual meeting of the club will be looked forward to with pleasure by all.

### From New Zealand.

Geo. LeMesurier and W. Gardner, with their families, arrived from New Zealand by the train from the west this morning. They had spent 15 years in the North island but things have got into so low a state there that they could live no longer. Flax seed is the chief product of the island but this has gone down in price from £12 12s to £8 5s, and there is absolutely no money in it now. Sheep too are only bringing 18 pence (3c) per head. Potatoes and oats are grown to some extent but Mr. LeMesurier never saw wheat growing attempted in his colony. Nearly all who have money are leaving, numbers are going to the Auckland country, where there is a gold mine craze. Their journey across the ocean was a most pleasant one. They left Wellington July 16.—Tribune.

### A Rude Awakening.

A gentleman, living at Edgeley, had an experience the other night which he will not soon forget. Driving home from town alone, he became drowsy and fell asleep, his horse jogging along quietly; suddenly he was aroused by a series of yelps and howls which sent the blood thrilling through his veins, raising the hair on his head and startling the horse. On awakening thoroughly he discovered that he was not alone, but was accompanied by about 20 wolves, which, however, did not attempt to molest him. He thinks that if they had been hungry he would never have reached home alive.

### A Severe Storm.

A hail storm last Sunday night did a great deal of damage in Manitoba. From Cypress River, Holland and Glenboro the reports are that hail has totally destroyed the crops of several farmers and severely damaged others. At Morden, also, some damage was done, but the result is not known. There was hail at Gretna, Altona, Rosenfeldt and St. Jean. At Holland lightning struck the store of W. R. Ross, but did not do much damage. The hail area appears to have been about twelve miles wide and to have travelled from the northwest of Glenboro, across the Cypress river and southwest into the Tiger Hills, destroying everything in its path.

### Expects Better Prices.

A grain dealer, who has been a bear in the market for the past couple of years, said to a reporter the other day that with each succeeding day now he grows more disposed to join the bull faction. "The crop is going to be short, both in this country and Dakota and Minnesota," he remarked, "and my opinion is that our hard wheat will sell at a premium over the world's production of the softer varieties."—Free Press.

### "To My Life's End."

Old age brings many aches and pains which must be looked after if health is to be maintained. This depends more than anything else on the kidneys. "I am 85 years old," writes A. Duffin, farmer, Aultsville, Ont., "and have had kidney trouble five years. My son advised Chase's Kidney-Liver pills, and I obtained immediate relief. I shall use them to my life's end." You will find Chase's Pills equally effective for that lame back.

YOU'LL FIND IT IN WAGHORN'S GUIDE

### QU'APPELLE TAKEN

By the Sunday Schools of Regina on Friday Last.

On Friday morning last at 11:45 an excursion train from Regina pulled into the station, having on board a joint picnic of the Methodist and Church of England Sunday schools and their friends, numbering in all about seven hundred souls, who were soon joined by the people of Qu'Appelle.

The day was almost a perfect one, and with good music and a splendid programme of sports, all seemed to conspire to make the day one of the most pleasant in the history of Qu'Appelle, and our people extend to the good people of the capital city a most cordial invitation to come again.

The music for the occasion was kindly furnished by the N.W.M.P. band of Regina, under the efficient leadership of Bandmaster Walker, and added greatly to the pleasures of the day and was much appreciated and enjoyed by Qu'Appellites.

As we were disappointed in getting a programme of the sports and the results of the various events, we much regret that we cannot give a more minute account of them.

Mr. J. W. Smith, who had charge of the excursion and was master of ceremonies, made an exceedingly neat address on the eve of the departure of the excursionists, in which, on behalf of the people of Regina, he thanked the people of Qu'Appelle for their very generous and kindly hospitality, and requested us to do likewise through the columns of The Progress. Mr. Smith also suggested the advisability of all the Sunday schools, both in Regina and in Qu'Appelle, joining in a union picnic at Qu'Appelle next season, in which suggestion we heartily concur.

Among those from Regina were many of her prominent citizens, too numerous to mention in this short notice, we pleased to meet our journalistic brothers, J. K. McInnis, of the Standard, and late candidate, for parliament, and Walter Scott, of the Leader.

At 7 p.m., amid music, hand-shaking and regretful adieux, the train pulled out for the home of the merry picnickers.

### Will Row Stanbury.

London, Aug. 4.—A cable dispatch has been received here from Jacob Gaudaur, the Toronto oarsman, agreeing to race James Stanbury, the Australian, who recently easily defeated "Wag" Harding, the English champion, for \$2,500 to \$5,000 and the championship of the world, the contest to be started in the afternoon of Monday, Sept. 7th. Quarters have been secured for Gaudaur at the White Hart Inn, Barnes.

The Winnipeg oarsmen reached Brockville Tuesday to take part in the big regatta to be held there today. From Brockville they go to Saratoga, N.Y., to take part in the regatta on Aug. 12 and 13. A handsome trophy is offered for the international four oared race, and we may reckon on our boys doing their level best to bring it home with them on their return.

The Canadian artillery team won a third prize at Shoburness on Aug. 4, and but for an accident would have beaten all comers.

### Reducing the Rates.

The Great Northern railway has issued four tariffs on grain, flax or millet seed, flour, mill stuffs, potatoes, hay, salt, cement, stucco, live stock, etc. The most important circular is that regarding grain in car loads, which shows great reductions between points in Minnesota, North and South Dakota, Montana, and the terminal points in St. Paul, Minneapolis, Duluth and Superior.

### Confidence in Canada.

Toronto, July 31.—Uncertainty in the money market in the United States among many American capitalists is causing some of them to bring their money deposits to this country. One man brought from Tennessee \$40,000 in gold for deposit, feeling he was safer here.

## Local and General

—The heavy rain has interfered with haying.

—J. Shelford, of Indian Head, was in town Tuesday.

—Miss Martin of Regina, is in town visiting friends.

—Mrs. Grover, of Regina, is visiting Mrs. J. H. Emerson.

—J. R. Brown and family are camping at the Fort Lakes.

—Remember the Presbyterian Sunday school picnic to-morrow.

—Miss M. Talbot is spending a week at Mr. Thos. Grigg's, Springbrook.

—Miss Howitt, of Edgeley, is spending a few days in town, the guest of Mrs. Brydon.

—G. H. V. Bulyea, M. L. A., went to Regina Tuesday morning returning on the evening train.

—Mr. Kiehe the Baptist student here, preaches in Regina both morning and evening next Sunday.

—J. Sargent and F. E. Parker left on Tuesday for the Fort, to take part in the lawn tennis tournament.

—Geo. Robinson, an old Qu'Appelle, but who has been east for some time, is in town renewing acquaintances.

—Alexander McBride who accidentally cut his foot, last week, is progressing finely and will soon be about again.

—Mr. Smith, superintendent of the Methodist Sunday school, Regina, is taking a holiday at the lakes with his family.

—J. Ostrander, of Moose Jaw, who went through to the Hungarian settlement, near Whitewood, a short time ago, with a drove of cattle, is in town on his way home.

—A picnic party left town Wednesday afternoon to enjoy a few days of camp life at the Fort Lakes, and it is to be hoped that their expectations of a good time will be realized.

—A. T. Robinson, a former Baptist student here, is again in town paying his many friends a visit, and will likely occupy the Baptist pulpit on Sunday next, preaching both morning and evening.

—The following delegates will represent this diocese at the Anglican synod which meets at Regina on the 12th inst., at which the Bishop of Qu'Appelle will be elected: Clergy—Revs. W. E. Brown, J. P. Sargent, G. N. Dobie, T. G. Beal, F. W. Johnson, W. Nicolls, E. H. Tatham. Lay delegates—Mr. J. H. Boyce, Capt. Price, Messrs. R. B. Gordon, W. E. Miller, R. S. Lake, H. LeJeune, Lieut.-Col. McDonald.

—On Friday last W. Mack was sent to the general hospital, Winnipeg, where it is thought he will have the attention necessary to his recovery. He was accompanied by Mr. Stoddard, who was going east at the time. On the same train a number of invalid sailors from the Pacific squadron, accompanied by a surgeon, were also passengers, so that Mr. Mack had no lack of attention on the journey. We hope soon to hear of an improvement in his health.

—Among the many visitors to the Experimental farm, Indian Head, for this week, says the Prairie Witness, was Prof. Hayes, of Minnesota, and a number of other notable men from agricultural colleges in the United States. They were surprised and pleased to find in this northern country a farm so well advanced. Considering the time it has been under management, they judge it superior to most they have visited—even those in Europe. Oats on the farm, this season, bid fair to beat the record of any previous year, and taken all around, the report of 1896 is likely to be an exceedingly good one.

—Mr. Allan Sykes, accompanied by Mr. J. B. Warren, has been spending a few days at the Edgeley farm. During their visit these gentlemen inspected all the sections on the Edgeley estate so as to ascertain the most suitable kind of settler for each section. These lands will shortly be offered on more favorable terms than ever they have been, which will bring them within the reach of any person desirous of purchasing. Mr. Warren has an extensive knowledge of immigration, he having settled up large tracts of land in the United States, where he resided for twelve years. Mr. Sykes expressed himself well satisfied with the crops, etc., on the Edgeley farm. Messrs.

Sykes and Warner left on Monday evening for Winnipeg, where they will interview some of the C. P. R. officials and proceed from there via St. Paul to New York, and will sail for England by a White Star steamer on the 19th.

—The Assiniboia agricultural society, of Regina, has decided not to hold a fall fair this year. Indeed, the opinion is in favor of annual summer shows in future, instead of fall fairs, and the new arrangement will begin in 1897.

—E. A. Struthers, of the Barnardo Home, left to-day for the east to meet a contingent of boys who are now on their way on board the Scotsman. Just before leaving, Mr. Struthers received a parcel from the World's Fair board, enclosing a medal won by the school for creamery better.—Tribune.

—C. Vokes came in on Saturday from the Turtle River district, north of Lake Dauphin, where he has been inspecting land for the local government. He states that ten miles more will take the grading of the Dauphin line out of the wet part of the work, after which all will be high and dry land clear into Dauphin.—Tribune.

—Constable Della Torre was summoned on Tuesday morning, says the Wolsely Echo, to answer to a charge made by J. Handley that he had sworn falsely in a recent case tried before the magistrate at this place. Inspector McDonald and Sergeant DesBarres were present to investigate. Mr. Handley withdrew the charge for reasons which he stated, and the Inspector cautioned the policeman to be very careful as to his statements in future.

—Jas. A. Sutherland, of the Crooked Lake Indian Agency, met with a painful accident while working in the agency forge on the 24th. He was hammering a piece of iron when a bit flew up and struck him in the right eye, inflicting such a severe wound that it was found necessary to take him to the Brandon hospital, where Dr. Agnew removed the eye. Hopes are entertained that no injury will occur to the other from the operation.—Grenfell Sun.

—Last Saturday a bargain sale that beat all records occurred in Winnipeg. A fruit firm received a large consignment of bananas from St. Louis. They were shipped in box cars, instead of refrigerator cars, and as a consequence were "ripe" on their arrival. To prevent a total loss the firm distributed them throughout the city, and told the grocers to sell them for anything. Saturday night they reached the low figure of 5c a dozen, and it is needless to say everyone with a nickel invested in the snafu.

—Waghorn's Guide for August contains the latest official time cards showing changes in train and mail services. A new issue of the special office time card is also published to subscribers. New money order and post offices and stage routes are shown, and the latest ocean and steamship sailings, rates, etc. The members of the new privy council forming the cabinet are shown, as well as the deputy heads of government departments at Ottawa. A further list of school districts in operation in the Northwest Territories appears, and added to the complete time cards of travel in the Kootenay district is a list of mining recorders and government agents there. The real estate list of recommended agents includes several new districts and now fully covers all the chief points in the west where reliable agents are available to attend to land and agency business. Weather record, almanac, diary, and latest city map accompany the Guide.

**To Subscribers.**  
The printed label on your paper shows when your subscription expires, or has expired.

**Awarded Highest Honors—World's Fair.**

**PRICE'S CREAM BAKING POWDER**  
MOST PERFECT MADE.  
A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

## He will take no Risks.

Shrewdness of a well-known City Merchant.

HE KNEW WHAT WAS GOOD FOR HIM.

In winter when Canadians spend a large portion of their time indoors and cannot have the same variety of fresh food as in summer and fall, indigestion and dyspepsia afflict a majority. "If anybody will tell me that dyspepsia in its advanced stages is perfectly curable," said a Toronto merchant, "I will take his word. Personally I run no risks. As soon as I feel a sense of weight in the stomach, after a meal, I know that my blood is sluggish in circulation. In my business I cannot take much exercise, and I fight the first sign of stomach trouble with Scott's Emulsion. It has never failed me, and has saved me many a doctor's bill."

Scott's Emulsion possesses medicinal properties superior to all other so-called emulsions made. As a remedy for indigestion, rheumatism, pimples, scrofula and all blood diseases, physicians state that its equal was never known. Sold at \$1 per bottle, of all dealers.

## Death of Mr. Neil McCannel.

We clip the following from the Tara (Ont.) Leader and credited to the Port Elgin Times, relative to the death of the brother our respected townsman, Mr. D. S. McCannel: "The sad news was received last week of the death of Mr. Neil McCannel, of Burgoyne, which occurred at Chateau, Montana, on July 2nd. It seems that Neil had been ill for two weeks with inflammation of the bowels. He was well cared for in the hospital and with the attention of his brother Hugh, who arrived in time from Wyoming. Neil had been ten years in the west and had met with much success. At first in storekeeping and afterwards in ranching he met with business prosperity. A year ago Mr. McCannel was a candidate for the office of the Sheriff in his county and was defeated by a few votes. He was a young man 32 years of age, of great physical strength and force of character. This being the first break in Mr. Arch McCannel's family since the children have grown up, they naturally feel the blow very keenly. We deeply sympathize with Mr. and Mrs. McCannel in their very trying bereavement."

## Promotion Examinations.

Contrary to expectation, we have not received the opinions of the sub-examiners on the work performed, but will publish same as soon as received. The following pupils successfully passed their promotion examination:

J. McLean, Garry Robinson, Percy Gordon, Roy Truett, Winifred H. Kerr, John MacDonald, Cora Robertson, Herbert Shea, Frank Spencer, Mabel Spencer, Fred Bourget, Wm. J. Claxton, Fred Clark, Mabel Gunning, May Eddy, Mary Low, John Martin, Rachel McEay, Myrtle McLennan, Walter Miller, Ernest Johnson, Burke Sampson, A. Smith, B. ## HAVE YOU CATARRH?

But One Sure Remedy—Obtain It for 25 Cents, Blower Included, and be Cured.

Catarrh is a disagreeable and offensive disease. It usually results from a cold and often ends in consumption and death. The one effective remedy so far discovered for it is Dr. Chase's Catarrh Cure.

Physicians failed to cure Geo. Balfour, to-l-gate keeper, Holland Landing road. Chase's Catarrh Cure did it.

One box cured William Kureshaw and two boxes James T. Stoddard, both of West Guelph.

Evilson Court Clerk, Joel Rogers, Robert J. Hooper and Geo. Taylor, all of Boston, voluntarily certify to the efficacy of Chase's Catarrh Cure.

J. W. Jemison, of Gifford, spent nearly \$300 on doctors, but found no permanent relief until he tried a 25-cent box of Chase's.

Wm. Dwyer, of Alliston, got rid of a cold in the head in 12 hours.

Henry R. Nicholls, 476 Rectory street, London, tried a box with excellent effect.

Dr. Chase's Catarrh Cure is for sale by any dealer, or by Edmundson, Bates & Co., Toronto. Price 25 cents including blower.

Coughs, colds and bronchial troubles readily cured by the latest discovery, Chase's Lasead and Turpentine. Pleasant and easy to take. 25 cents.

## Sintaluta Siftings.

(From Our Own Correspondent.)  
Mr. and Mrs. McShane were visiting their daughter, Mrs. Carphill, this week.

We are glad to be able to report a marked improvement in Mr. Dutton's condition of health.

Mr. Hollins, who is in charge of the Methodist church here, has been holding a series of revival meetings in the Presbyterian church.

Mr. Ed. Partridge is visiting his relations in this district.

## Fatality at Cypress River.

Cypress River, Man., Aug. 2.—About 21:30 last night William Sutherland, living five miles south, left here with a load of lumber. Half a mile from town his horses turned into the ditch, upsetting the load, which fell on the top of the unfortunate man, crushing the life out of him. Deceased was a bachelor, and 27 years of age.

## Kind Words from the Fred Victor Mission Bible Class.

On behalf of the Fred Victor Mission Bible class I wish to express our gratitude to you for the box of Chase's Ointment which you supplied in aid of our charitable work to the infant child of Mrs. Brownrig, 162 River street. Ten days ago the child was awfully afflicted with scald head, the face being literally one scab from forehead to chin, and in that brief time a complete cure has been effected. Surely your gift was worth more than its weight in gold.

EDMUND YEIGH,  
264 Sherbourne St. Toronto.

## BIRTHS.

CORROCK.—At Calgary, on 2nd inst., the wife of H. Cannoch Corroch, of a son.

Scientific American Agency for PATENTS, TRADE MARKS, DESIGN PATENTS, COPYRIGHTS, etc.  
For information and free Handbook write to SCIENTIFIC AMERICAN, NEW YORK.  
Largest circulation of any scientific paper in the world. Splendidly illustrated. No intelligent man should be without it. Weekly, \$3.00 a year; \$1.00 a month. Address: SCIENTIFIC AMERICAN, 361 Broadway, New York City.
